Overview

McCain's Size 4 NEMA TS 2 Type 1 Controller Cabinet conforms to the National Electrical Manufacturer's Association (NEMA) Standards Publication TS 2-2003, Traffic Controller Assemblies with NTCIP Requirements and represents a modern and state-of-the-art approach to traffic control. This compact, yet robust cabinet is manufactured with the high quality standards and features found on all McCain controller cabinets. The flexible and modular design allows for replacement of all major components and assemblies.

Benefits

- Various detector racks can be configured for your unique specifications
- Large front door provides easy access to the cabinet's sizeable interior
- Drop-down technician's panel and load bay simplifies maintenance access

Product Description

The McCain Size 4 NEMA TS 2 Type 1 Controller Cabinet provides for four loadswitch positions. Various detector racks are available to meet your specifications with many types available including, but not limited to, six, eight, 10, and 12-position. This TS 2 version also includes one position for a Bus Interface Unit (BIU) per Detector Rack.

The Size 4 cabinet features a drop-down technicians panel, police door, and load bay. Two adjustable shelves are included, and all terminal blocks are of the barrier type.

A number of configuration options are available for the Size 4 NEMA TS2 Type 1 Controller Cabinet, please contact McCain to discuss options to meet your unique requirements.
